Why Choose James Gesner Estate Agents?

● Trusted

Trusted to look after properties in the area, we have an experienced management team who will deal with issues quickly. We strongly believe that your Interests are served best when the tenants are vetted by local experienced staff and the property is dealt with at a local level. Many agents base their services covering a wide area and this is against our clear philosophy of 'keeping it local'. When there is an issue you know where to find us and who to deal with!

● Local & Knowledgeable

Continuing this philosophy all our staff have a good knowledge of the properties we deal with and live locally, often having a good knowledge of the area. We also have the flexibility to tailor a service to your needs as we realise that whilst many of our clients work abroad some stay local and would like a more 'hands on' approach to letting their property. We can offer different types of service or 'mix and match' and change our fees accordingly. We do however inspect all our managed properties regularly.

● Experienced Staff

Experience is paramount and you will be dealt with by Director James Gesner and Property Manager Holly Weston. Alongside James and Holly we have Denise, David and Carl. Both Holly and James are ARLA qualified and for your peace of mind continue to keep up to date with the continual changing legislation in the rental market via NAEA and ARLA courses.

● Established

Over recent years we have built up an excellent database of reliable, qualified local trades people who we have worked with for a long period time. We do not use large expensive corporate companies with expensive 'call out fees' and do not add any additional handling fees onto their service. Some are happy to give tenants advice over the phone on our managed properties. Our phones are answered 7 days a week and our website gives important additional Information to our tenants.

● Our Marketing

Marketing of your property will be carried out in the same comprehensive manner as our sales properties. This includes professional photography and floor plans. We also advertise on all the major websites including Rightmove, Zoopla, and PrimeLocation. And of course our own website jamesgesner.co.uk, the local and national press and through our national network of over 700 agents. Our busy London office attracts tenants on a daily basis commuting into the city.

● Adapting To Rental Market Changes

Over recent years changes in the housing market and social patterns have resulted in an unprecedented rise in demand for rental property. Investing in buy to let properties is proving to be a prudent decision for many people looking for an alternative to stock markets or savings accounts.

● Buy To Let Advice

James Gesner Estate Agents regularly hold 'Buy To Let' events - which are well attended, and James and our management team are always on hand for free advice. Remember you don't need to buy through James Gesner Estate Agents and we are always happy to give impartial, free advice.

● Our Reputation Is Important To Us

We are very proud of our reputation for professionalism, integrity and attention to detail, which has made us the natural choice for landlords and tenants in the area. We hope you find the information in this brochure helpful and Informative and hope we can help you.

Preparing your property for letting

● Unfurnished Or Furnished?

By far the greatest demand from tenants is for properties that are let unfurnished, which traditionally includes carpets, curtains, cooker and white goods. (fridge, washing machine). This also suits landlords who avoid becoming responsible for soft furnishings and testing of electrical appliances.

● Decoration and Presentation

We recommend these should be fresh and neutral in terms of colour and style. Cheap flooring does not last!

● Domestic Appliances

These should be of good quality and condition and subject to regular servicing. It is important that Instructions are left on the premises to avoid unnecessary call-outs (these can often be downloaded from the Internet) and are included on an Inventory.

● Safety Regulations

From 1994 it became compulsory for gas equipment in all rental properties to be serviced and checked annually by a registered gas safe engineer (previously Corgi). We can organise this on your behalf as the relevant certificate has to be in our receipt before we can commence a tenancy. This has to be kept up annually.

The electrical safety regulations 1994 state that all appliances, both fixed and portable in rented accommodation must be safe. The only sure method of this is to have them tested and labelled periodically by a qualified electrician.

● Mortgages

Permission is usually required from the mortgagee. We can give you advice in this aspect and our resident Independent Financial adviser Karen Marshall is extremely knowledgeable in this aspect, her advice is free of charge.

● Cleaning

It is important that your property is professionally cleaned. This creates a 'benchmark' that will be recorded in the Inventory and schedule of condition; therefore maintain a high standard throughout subsequent tenancies as the outgoing tenant's responsibility.

● Gardens

The gardens should be kept in good seasonal order, as tenants will be responsible for its upkeep and maintenance. Some landlords (especially for larger gardens) like to provide a gardening service we are happy to advise on this aspect for you.

● Amenities

Gas, water & electric bills where applicable are usually the responsibility of the tenants. When we manage the property we arrange for the transfer into the tenants name. We will notify the council in changes for council tax. A working telephone line must be provided and a terrestrial TV Ariel capable of picking up a digital signal. We organise 3 sets of keys for your property and a spare is held by us for emergencies. Both offices are alarmed and the keys are coded.

● Insurance

It is important that your contents and Buildings Insurance are adequate for letting your property. Specialist rental Insurance for landlords is usually required and we can advise on competitive products and rent guarantee Insurance where required. It is important that you also comply with a property been left vacant for extended periods of time.

● Referencing

We carry out a strict referencing service on all tenants. This checks all employment and credit history. The company who carries this out on our behalf can also provide comprehensive rental guarantee Insurance for you; further details are available on request.

● Energy Performance Certificates

This came into effect in October 2008; all new tenancies are required to have an EPC by law. We must have this certificate prior to marketing. We can organise this on your behalf at a small competitive rate and it currently last ten years.

● Smoke & Carbon Monoxide Detectors

The Department of the Environment have regulations governing the installation of smoke detectors incorporated into the Building Regulations. New regulations will be laid in Parliament to require landlords to install smoke and carbon monoxide alarms in their properties, and are expected to come into force in October 2015.

● Inventories & Deposits

We strongly recommend that all our properties have Inventories carried out by an Independent qualified Inventory Clerk. The tenant is required to sign an Inventory and also pay for the 'check out' fee. Once damages, if any have been agreed and copies of all receipted final Invoices have been checked, both parties have agreed in writing the balance of the deposit will be returned. All tenants pay a deposit amounting to six weeks rent (unless otherwise agreed) in cleared funds before a tenancy commences. These are all registered by the Tenancy Deposit scheme; full details are available through our terms of business.

The three services that we offer:

3

Management Service

Provides our landlords with a comprehensive and thorough administration service of your property.

Many of our prospective professional tenants ask for properties with a managed service.

In addition to the Let and rent collect service we undertake Inspections midway through the tenancy term.

Our full management service includes investigation of defects which come to our notice or are clearly and adequately brought to our attention by the tenant.

We oversee the day-to-day maintenance, repair or serving of appliances. Wherever practicable we will obtain estimates and submit them prior to the commencement of any works carried out. However in emergencies and where we consider necessary we will act to protect your interest without consultation.

We have built up an extensive range of experienced reliable trades people on hand. We are equally happy to deal with the landlords preferred contractors if notified beforehand. The main consideration is that the repairs are dealt with swiftly and competently so that damage to your property is minimised and the tenant is spared, as far as possible, any distress or inconvenience.
